FRANCE PLANS ITS WAR FORCE

PARIS, March 19.—The army commission of the Chamber of Deputies urged the government today to push through a bill providing for organization of civil and

Industrial France in time of war. Thousands of French reserve soldiers, originally scheduled to undergo training next summer, will be called to the colors dur-

ing the next few weeks, it became known today, because of the tense European situation. The address of German Envoy Ribbentrop at London hastened action.

Somebody Either Fights or Backs Up

In the foreground bucket-helmeted soldiers man a machine gun while in the background is an airview of the thriving city at the juncture of the Rhine and Moselle rivers, now rising to the feet of Hitler's Valley. Again Ribbentrop at today's session of the League committee in London reiterates "Germany will not back out." The world awaits an answer. Some one either has to fight or back down.

RIBBENTROP BUTTER HIS BACK ON LONDO REACTION

LONDON, March 19.—The Council of the League of Nations today unanimously found Germany guilty of a breach of the treaties of Versailles and Locarno. Germany was the only country to vote against the motion, but her vote did not count as an interested party in the question. Chile abstained from voting, and the representative of Ecuador was absent. Other council members all voted for the motion.

Daring the men who look up to it as a symbol of the unconquerable military spirit of the nation, the bold German eagle has brought the Rhineland under the domination of its steel talons and the powerful wings of its combat planes through the re-militarization of the neutral zone established under the Locarno treaty.

COMPULSORY ACT WOULD SHATTER ALBERTA CREDIT

Appearing before the legislative public accounts committee on Wednesday, during inquiry into the existing provincial financial position, James C. Thompson, former provincial auditor, declared that compulsory refunding of the public debt of \$160,000,000 would not only shatter provincial credit, but also would isolate Alberta from world money markets.

Mr. Thompson left the government service on Saturday last, after 12 and one-half years as auditor, to accept an important post in Montreal.

Mr. Thompson, in the course of his testimony, declared that the best means of reducing the millions of interest charges, would be to fall in line with the Dominion government and join the Loan Council.

Wardens ordered issued by Mr. Thompson that if the government reduced interest, it would also be expected to agree to reduction in interest which it receives from various sources.

APPEAL TO U.S. BUSINESS MEN

Asks Lump Sum Deposit of \$1,500,000 to Be Placed to Credit of WPA For 1937.

WASHINGTON, March 10.—President Roosevelt Wednesday appealed directly to business men to increase employment, declaring that if they would place a lump sum deposit of \$1,500,000 in the U.S. Treasury for the 1937 fiscal year—a request that stirred protest and brought forth a major battle in the Senate—such a move would be a "practical and effective plan to provide employment for the unemployed."

Only if industry fails to reduce substantially the number of those now out of work will other appropriations and further plans and policies be necessary, he said. The president said at least 5,000,000 more persons were at work last December than in March 1933.

Senator Charles McNary (D-Ore.) minority leader, said the president's appeal should be "without a hitch of particulars."

NO WRESTLING SHOW BOOKED THIS FRIDAY

No wrestling show will be booked this Friday at the Empire theatre, owing to previous bookings by attractions other than wrestling, stated Mike Cutcher, the grand and grand promoter.

But, and practically in the same breath, said Michael pointed forth that full arrangements have been made for a real wrestling of this Friday, March 27, and it's at the Empire.

Gentlemen, or villain, or anything you would like to see him, Meyers would headline March 27, along with that favorite Kim Rink. The other good boys have been arranged, but as the Empire has been booked for this week, wrestling fans will have to wait until that 27th date.

Mike also revealed that within a few weeks he will have that erratic rascal named Lipson on his hand back, who sends everyone wild when he and Cleggman head heading into the ring, and he will be well remembered and welcomed back.

HAMILTON TIGERS WHIP SUBDUY IN PLAY-OFF GAME

TORONTO, March 19.—Hamilton's mighty Tigers, playing brilliantly from goal out, whipped Subduy, champions of the Northern Ontario Hockey Association, 4-1 here last night in the first of their two-game, triangular series for the provincial crown. Tiger Ontario Hockey Association officials will vary their almost instantaneous lead into the second tilt in Hamilton Friday.

The speedy Pinsky, an all-star picked from the Central Hockey League, played brilliantly in the first half, and carried play to the Tiger goal, but he was around the nets and the sensational play of Cleggman, who scored the only goal for the Tigers.

**McCauley Wrestles
Title From Rivals**
This game provided the best hockey seen during the evening, both teams being in a very promising good brand of hockey, with wild spirit and great credit in use in those who have handled them throughout the season.

Riverdale, last year's champions, were beaten by a score of 5-1. It was an early game right up to the final whistle.

The first period was scoreless. Riverdale were kept on the "ice" by the truly sparkling interchange of fast play to the second period. Tallas registered a brilliant goal for McCauley, who scored on Sullivan.

ANNUAL MEET REPORT GIVEN BY BANNERMAN

**President Alberta Union
Says Western Final is
"Big Game"**

CALGARY, March 19.—The Canadian football final between east and west for the Grey cup is only of secondary importance and the western Canada final is the "big game" in the opinion of western Canada rugby football union officials. John Bannerman, president of the Alberta union, said here yesterday.

Reporting to the Calgary Boosters club on the Canadian rugby union annual meeting held at Toronto, February 29 and also on various conferences with western officials enroute to Toronto and return, Mr. Bannerman said the west should continue to control its own affairs and the western union would do so.

ANOTHER STAR
On the other side was Rose Power, trying to duplicate McElvaine's sensational game. Rose almost did it, too, and considered most of the offensive play of the Mers. The Mers had the better of the play and on this count deserved the win.

The Mers have been the top team all season and it was expected that they would come through with a victory easily, but the Macs are on the crest of a winning streak and they even yet show their superiority in shooting to advantage. It is expected that the Mers will be in position tonight to handle all.

Mers should stop the champions, but the drive for the top will be a rough passage in any case.

There will be no game this Friday as the previous scheduled. However, the Mers and the Comets will get together early next week, probably Wednesday.

The Macs and the Mers will clash Monday to decide the holder of the Commercial Basketball League trophy, for the 1936 season.

RECORDS FALL IN HAMILTON TRACK MEET

**Sam Richardson, Toronto
Flash, Breaks 40-Yard
Time Record**

HAMILTON, Ont., March 19.—Sammy Richardson, 17-year-old colored broom jumper and sprinter of Toronto, broke a 24-year-old Canadian record for the 40-yard dash at the first Hamiltoners' Athletic Club indoor track meet here last night. The schoolboy set a new record of 5.6 seconds.

Bob Kerr, of Hamilton, former Olympic expert, established the mark of 4.6 in 1912 and Kerr was held the sensational Richardson beat last night.

FIRST, THEN SECOND
Winner over Richardson in an earlier sprint, Earl Deacon of Hamilton finished second in Sammie in the 40-yard event. Charlie Rogers of Bradford was third.

A Canadian native record went by in the 1,000 yards event, Bob Mitchell of Toronto covered the distance in 2 minutes, 23 seconds. The record was set last year by John H. Palmer of Toronto.

Joe Mangano, newest of United States long-distance runners, broke Glen Giamant's Canadian record of 16:56 by three-tenths of a second in the 1,500 yards event, finishing in 16:53. He had been in the last 25 yards to pass Harry Williamson of University of North Carolina.

**Saxby Rink Wins
In Lamont Curling**
LAMONT, March 19.—With keen competition throughout the Lamont annual bonspiel was brought to a final termination here yesterday, with A. G. Saxby winning the Grand Challenge event.

Winners in other events were as follows: Mitchell's rink: Beverly Cook, competition: E. V. Row; rink: Saxby's rink; competition: M. K. K. rink; competition: J. E. H. rink; rink: Saxby's rink.

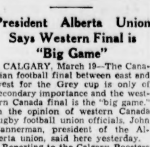

**Quebec Aces Score
Play-off Victory**
QUEBEC, March 19.—Quebec Aces scored a surprise in Junior hockey night last night by defeating Montreal Victorias 8-1 in the first of a two-game playoff series for the provincial title.

evened up the count for Rivest after final combination work. The victory was the first of the final winning goal for the McCauley rink, which had scored on Sullivan from Tallas.

**FOREMOST COACHES CHOOSE
Powerful Glenn to Race
Out First**

By ALAN GOULD
NEW YORK, March 18.—So far as the United States is concerned, Glenn Cunningham remains the "man to beat" in the Olympic 1000 metres—the "metric mile."

This, at least, is the consensus of the country's foremost track and field coaches, who do not consider this winter's developments, including a series of setbacks for the world mile recordholder, as qualifying him for the Olympic mile.

To the contrary, it is their view that the great Kansan has "raced" himself carefully and purposely, and the Olympic mile will be his last Saturday.

THE EXPLANATION
The explanation for Cunningham's defeats in most of the winter's big races is that he has slipped but that Gene and Joe have improved tremendously. Until the history-making Waukegan mile at the Milrose A.A. games there wasn't the slightest chance that Gene had a 4:11 performance in his pocket.

Not since 1932 has Venzke flashed the form that carried him to a world record victory over Cunningham in the National A.A.U. 1000 meter championship. Glenn himself was inside his own record for that event.

To quote Lawson Robertson of Pennsylvania, 1928 Olympic coach: "Cunningham can do a half mile in 1:31. That's why he holds all world mile-running records. Glenn has been the best of the best this winter, and he won't be prepared for the hot pace Mangon and Venzke were setting."

THE EXPLANATION
The explanation for Cunningham's defeats in most of the winter's big races is that he has slipped but that Gene and Joe have improved tremendously. Until the history-making Waukegan mile at the Milrose A.A. games there wasn't the slightest chance that Gene had a 4:11 performance in his pocket.

Not since 1932 has Venzke flashed the form that carried him to a world record victory over Cunningham in the National A.A.U. 1000 meter championship. Glenn himself was inside his own record for that event.

To quote Lawson Robertson of Pennsylvania, 1928 Olympic coach: "Cunningham can do a half mile in 1:31. That's why he holds all world mile-running records. Glenn has been the best of the best this winter, and he won't be prepared for the hot pace Mangon and Venzke were setting."

NEW YORK, March 18.—So far as the United States is concerned, Glenn Cunningham remains the "man to beat" in the Olympic 1000 metres—the "metric mile."

This, at least, is the consensus of the country's foremost track and field coaches, who do not consider this winter's developments, including a series of setbacks for the world mile recordholder, as qualifying him for the Olympic mile.

To the contrary, it is their view that the great Kansan has "raced" himself carefully and purposely, and the Olympic mile will be his last Saturday.

NO DISHONESTY DISCOVERED BY J. C. THOMPSON

Former Provincial Auditor
Says Civil Service on
High Plane

Unqualified denial was given on Wednesday, during hearing by the public accounts committee of evidence on the province's financial structure by James C. Thompson, former provincial auditor, that the government had issued orders that any former government official, leaving the province, would be arrested.

D. M. Dugan, Alberta Conservative leader, asked Mr. Thompson how he had discovered "any dishonesty on the part of any minister or deputy minister" during his 12 and one-half years' service with the government.

EMPHATIC "NO"
To this question, Mr. Thompson gave an emphatic "No."

He said that his audit system would reveal no shortages, thefts or dishonesty on the part of ministers, deputies or civil servants.

He said that small shortages had been discovered in civil servants' accounts and on each occasion the case had been reported, proper action had been taken.

He knew of no case where the shortage has not been recovered, either by holding the person responsible or by recovering the money.

NEVER INTERFERED WITH
Mr. Thompson said that he had never been interfered with in his duties as auditor.

He was closely questioned regarding possibility of error in his accounts. He replied that his accounts were for \$125,000 which could be filled for \$100,000 that was a matter for officials, such as checking by engineers and perhaps collusion over accounts.

**FACES CHARGE
SECOND TIME**

Louie Larssen, accused of raping Mrs. Adeline Buchanan, elderly widow, went on trial this morning, facing the same charge as in his second time, within 24 hours.

Larssen's case was heard by Chief Justice Simmons and a jury of 12 men for the first time Wednesday afternoon.

After deliberating for more than 90 minutes the jury announced its verdict in the case of the man charged with the rape of Mrs. Buchanan.

The jury returned a verdict of guilty and the case was re-arranged.

He was accused of raping Mrs. Buchanan, who lived in the Edmonton house.

WILL COMPEL TEACHERS TO JOIN A. T. A.

Continued from Page Nine

Mr. Low was not greatly concerned about the question of trustees, to which Mr. Bowen had alluded as being a matter for officials, such as checking by engineers and perhaps collusion over accounts.

Mr. Bowen interjected that all sections of the province were represented at the convention, which was held in the benefit of the teachers' union.

Other members said that the convention, held between 600 and 700 delegates.

POWER TO DISCIPLINE
Mr. Low felt that the teaching profession could not be raised to the dignity of a profession until the association had been given power to discipline its members, and he urged the house to give the teachers what they were asking for at present.

He declared that there was no term in which the teachers' association if they could not be disciplined. He also declared that teachers who had not joined the association were participating in the benefits of the obligation of membership.

Mr. P. T. Brown, S.C. Dickey, registered strong objection to the term in which the teachers' association if they could not be disciplined. He also declared that teachers who had not joined the association were participating in the benefits of the obligation of membership.

He charged that there were not 500 teachers in the province as Mr. Low had said, but that there were more than 1,000 qualified teachers holding certificates.

He stated that his information was that the teachers' association if they could not be disciplined. He also declared that teachers who had not joined the association were participating in the benefits of the obligation of membership.

SPECIAL TAX WOULD MEAN HIGHER PRICE

By-laws Committee Tables
Proposal of Sacred Central Council

Special tax on Edmonton merchants and travellers handling goods, particularly clothing, manufactured in the east or outside of Canada, as proposed by the Canadian Manufacturers' Association, would mean an increase in the price to the consumer, it was stated.

The committee tabled the Party's proposal until City Solicitor Garfield investigated the power of the city to impose such a tax.

HELP LOCAL MEN
In its submission to the committee, the Party stated that merchants handling clothing manufactured in Eastern Canada or outside the country should pay an additional tax, while travellers doing this type of business should pay a special license. Such action was being proposed, it was stated, with a view to stimulating local industry.

RAW MATERIAL
Similarly objection to such a plan, the Alberta Branch of the Canadian Manufacturers' Association in a letter signed by R. S. Soudie, chairman of the legislative committee, pointed out that businessmen were forced to get their goods from the east or outside the city and province. The committee was also warned that imposition of the tax would result in a higher price to the consumer.

The C.M.A. also stated there was a strong possibility that travellers handling clothing from the east or in other provinces would also be forced to pay the tax, which would mean a higher price to the consumer.

The committee tabled the Party's proposal until City Solicitor Garfield investigated the power of the city to impose such a tax.

**CITIES SHOULD
BE GIVEN NEW
TAXING POWERS**

Additional taxing powers to meet out of social services should be allocated cities, declared former provincial auditor James C. Thompson, in giving the city council legislative public accounts committee Wednesday.

Mr. Thompson said that collecting authorities should levy the tax, while taxing authorities should levy the tax.

He thought that the cities would benefit by imposing Dominion legislation, while there would be no question of the legal right to do so.

He was agreed by Mr. Thompson that cities were now endangering the whole tax structure through excessive land taxation, which in heavy taxation impedes construction of homes and industry. Social services, he said, were being evenly divided between property and non-property owners.

**NELSON WINS
DAMAGE CLAIM**

Damages of \$1250 were awarded by Mr. Justice Thwaites to H. Nelson, who sued William Lamb, a well-known Edmonton lawyer, for a collision that occurred on 91 Street last July 2.

Facts of the case were that Nelson was riding his bicycle southward between 90 and 91 Street when he was struck by an automobile driven by Lamb. The collision occurred at the intersection of the two streets.

The plaintiff, Nelson, claimed that he was injured and that his bicycle was damaged. He sought compensation for his injuries and the cost of repairs to his bicycle.

The court found in favor of the plaintiff, Nelson, and awarded him damages of \$1250. The court also ordered that the defendant, Lamb, pay the costs of the suit.

WANTED COMPULSORY CLAUSE
Mr. Dickey declared that teachers wanted the compulsory clause in the bill to be included in the bill. He said that the compulsory clause was necessary to ensure that all teachers were members of the association.
